Understanding Keyboard Major and Minor Chords

What Are Chords?

Chords are groups of notes played simultaneously that form the harmonic foundation of music. On the keyboard, chords are built by stacking specific intervals (distances between notes), primarily thirds, to create a harmonious sound. The most common chords in Western music are major and minor chords, which serve as the building blocks for countless songs and musical styles.

Major vs. Minor Chords

- Major chords have a bright, happy sound. They are constructed using a root note, a major third, and a perfect fifth.

Basic Formula for Chord Construction
